

To whom it may concern:

My name is Kristyn Buonincontra and I am currently a Registered Behavior Technician living in Shelton, CT. I am in favor of SB 1089 sections 23-29, regarding licensure for behavior analysts. I believe it is incredibly important for children and adults to receive services from a licensed behavior analyst as this is something that will directly impact their lives and well being. As I am currently working towards my masters in ABA and autism this is something that I am really passionate about. I feel that Connecticut should follow the lead of New York, Massachusetts, and Rhode Island in making licensure necessary in our state.

Thank you for your time,

Kristyn Buonincontra
